♦ ABOUT US

More than five decades in the business of trust.

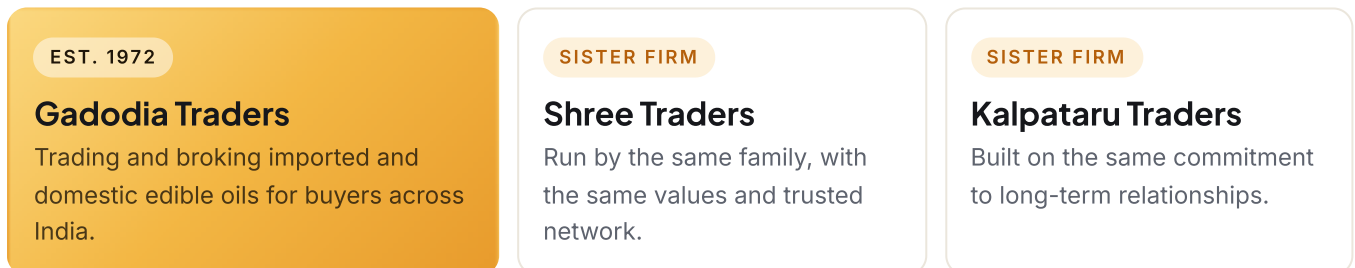

Gadodia Traders is a family-run edible oil trading and broking house from Jalna, Maharashtra. What began in 1972 as a modest trade in local edible oils has grown into a respected name in India's edible oil market. Today the business is led by the third generation of the Gadodia family, and it supplies imported and domestic edible oils, particularly refined oils, to wholesalers, packers and food manufacturers across India.

"In this trade, a commodity changes hands. A relationship never should."

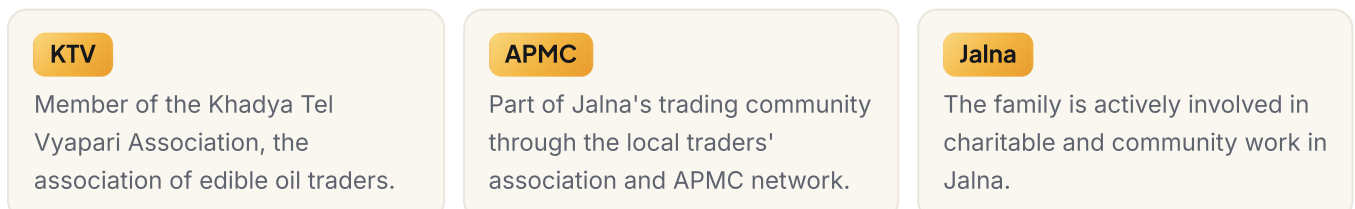

Our journey

One family. Three firms.

Community & associations

WHAT WE DO

We trade. We broker. We deliver.

Edible Oil Trading

We buy imported and domestic edible oils from established importers, refineries and trading houses, and supply them directly to buyers.

- Spot and forward contracts
- Forward prices often available 3–4 months ahead
- Direct dispatch from the supplier to the buyer
- Crude and refined grades across six major oils

Edible Oil Broking

We bring buyers and sellers together, negotiate fair terms and see each deal through to delivery.

- A wide network of sellers, refiners and buyers
- Negotiation backed by live market intelligence
- Neutral, confidential and fair to both sides
- Coordination from booking to dispatch
